

Fingerprint Image Quality Measurement Tool End User License Agreement

This is the Fingerprint Image Quality Measurement Tool Software End User License Agreement, (EULA).

LICENSE RIGHTS: This software is provided free of charge. User may copy and distribute copies of this program in non-commercial products provided that this End User License Agreement, License Rights notice and disclaimer of warranty and liability remain intact. User must not charge money or fees for the software product to anyone except to cover distribution costs.

The U.S. Army Biometrics Task Force (BTF) Fingerprint Image Quality Measurement (FIQM) Tool was developed under contract by the BTF contractor Booz Allen Hamilton for the DoD and funded exclusively by government funding. It may be freely copied and used in non-commercial products, provided proper credit is given. User agrees to acknowledge this use to the BTF and acknowledges the BTF-related contributions to the User's work.

This release of the BTF FIQM Tool provided under this EULA is an April 2007 release of the BTF and is subject to change.

DoD reserves the right to make changes to the FIQM Tool software or documentation without notice as deemed appropriate by the government. Use of this software does not guarantee that any support concerning the FIQM Tool or its components will be available to Users, nor does it guarantee that defects or errors will be corrected by any pre-defined dates.

Code distribution: Users of this software are requested not to reverse engineer this software unless given express permission.

DISCLAIMERS OF WARRANTIES AND LIMITATIONS ON LIABILITY:

The Department of Defense (DoD) makes no representations or warranties, express or implied, of any kind with respect to this software or its contents. The contents of this software, including, without limitation, the materials, are provided "as is," without any warranty of any kind, either express, implied, or statutory, including, but not limited to, any warranty that the software will conform to specifications, any implied warranties of merchantability, fitness for a particular purpose, and freedom from infringement, and any warranty that the documentation will conform to the program, or any warranty that the software will be error free. In no event shall DoD be liable for any damages, including, but not limited to, direct, indirect, special or consequential damages arising out of, resulting from, or in any way connected with this software, whether or not based on warranty, contract, tort, or otherwise, whether or not injury was sustained by persons or property or otherwise, and whether or not loss was sustained from, or arose out of the results of, or use of, the software or services provided hereunder, (including but not limited to loss of data or data being rendered inaccurate or losses sustained by user or third parties or a failure of the program to operate with any other programs).

INDEMNIFICATION:

User agrees to indemnify DoD, its contractors, and their employees from and against any action, claim, demand, or liability, including reasonable attorney's fees, if such action is based upon: (1) any allegation that a modification or alteration of the FIQM Tool by the user infringes a third person's copyright or trademark right, or misappropriates a third person's trade secret; and/or (2) any allegation that the user's use of the FIQM Tool is libelous, defamatory, violates any publicity or privacy right of a third person, places a third person in a false light, or violates any other legal rights of such third person. User agrees that DoD will have the right to control the defense of any such action.

Agreement: By installing and using this software user automatically agrees to and shows that user has read and understood the terms and conditions contained within this EULA. If user does not agree with this EULA then user must not install or use this software

Choice of Law: This EULA, and any dispute relating to the Software or to this License shall be governed by U.S. Federal Law.

Severability: If any provision or part of this EULA is held to be unenforceable for any purpose, including but not limited to public policy grounds, then the remainder of the EULA shall be fully enforceable and remain in effect.
